Chair, SCSE

MOE AcRF Tier 1 Seed Funding Grant Call 2023

The College invited submissions of research proposals from newly recruited faculty members with the objective of supporting promising projects that have the potential to be developed into MOE AcRF Tier 1 grant.

Following evaluation by ADR and ACR, I am pleased to inform grant award to the following project:

Title of Proposal	PI	Start Date	Grant Duration	Awarded Amount
Parallelized Stateful Coreset Selection in Continuous Data Streams for Enhanced Stream Learning	Asst Prof Zhang Shuhao	01 Aug 2024	3 Years	S$100,000

The School shall undertake to open project account for the PI and inform College once account opening is completed.

The School through the Chair shall exercise oversight on grant utilization as well as project deliverables to ensure the research will lead to strategic research proposal development and application to MOE AcRF Tier 1 grant at the end of the project.

Please complete and return the Acceptance Form to Assoc Dean (Research), CoE by 18 March 2024 if the School accepts the grant award and its accompanying terms and conditions.

Professor Tan Yap Peng
Associate Vice President (Lifelong Learning – Postgraduate Programmes by Coursework)
Interim Dean, College of Engineering

cc: Associate Dean (Research), CoE
Assistant Professor Zhang Shuhao, SCSE

MOE AcRF Tier 1 Seed Funding Grant Call 2023

ACCEPTANCE FORM

Please complete the Acceptance Form and send the original and scanned copy to Assoc Dean (Research), CoE by 18 March 2024.

Please tick (✓) where applicable.

☐ The School accepts the grant award and agrees to the terms of the grant award, grant utilization and project governance specified below:

a. Budget phasing form to be completed.
b. The requested budget should comply with the Fundable/Non-fundable list of MOE AcRF Tier 1 and approved by School.
c. School shall open the project account for the PI and inform College once done.
d. The utilization of the grant should adhere closely to the expenditures as specified in the proposal and budget phasing form.
e. The grant must be utilised within three years from account opening, with no extension.
f. The School via the School Chair shall maintain oversight of the project spending and deliverables.
g. The fund management of the project (e.g. account creation, submission of progress reports, request for grant variation etc.) will follow existing procedures for a standard MOE AcRF Tier 1 project.
h. School ACR shall ensure PI submits a Tier 1 proposal is to be submitted through the School within one year from project end date.

Title of Proposal	PI	Start Date	Grant Duration	Awarded Amount
Parallelized Stateful Coreset Selection in Continuous Data Streams for Enhanced Stream Learning	Asst Prof Zhang Shuhao	01 Aug 2024	3 Years	S$100,000

☐ The School declines the grant award.

☑ I undertake that:

- I declare that I have not received concurrent funding from another funding agency for a substantially similar programme.
- I will ensure my project spending adheres closely to the expenditures as specified in the proposal.
- I will ensure timely completion of project and satisfactory utilization of research funds.
- I will deliver the research output indicated in the research proposal.
- I will submit as Lead PI, a White paper for MOE AcRF Tier 1 Call within one year from project completion.
- I will keep the School and the College informed of any significant output or achievements for the grant through:
  - Final Report
  - Whenever there are new publications or whenever the results of research are applied, commercialized etc.
