

Big Data Systems on Future Hardware

Bingsheng He

NUS Computing

<http://www.comp.nus.edu.sg/~hebs/>

Learning Outcome

- After this lecture, you should know about
 - Why Hardware Matters?
 - Challenges & experiences in hardware-conscious research
 - Some example case studies
 - Future research directions

Lecturers

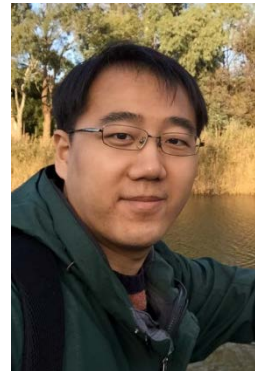

Dr. Bingsheng He

Dr. Cheng Liu

Mr. Shuhao Zhang

Mr. Xuntao Cheng

Agenda

- Jan 10, morning:
 - An overview [Dr. Bingsheng He, 1 hour and 30 min]
 - Data processing on FPGA [Dr. Cheng Liu, 1 hour and 30 min]
- Jan 10, afternoon:
 - DSP on multi-core processors [Mr. Shuhao Zhang, 1 hour and 30 min].
 - Relational databases on many-core processors [Mr. Xuntao Cheng, 1 hour and 30 min]
 - Q&A [Dr. Bingsheng He, 30 min]

Welcome to NUS SoC Graduate Student Tutorials!
